Learning Plan 2020-2021

Educational Goals

Vincent Elementary's Vision is to:

Nurture a strong community of students into lifelong learners and respectful citizens.

NEVER
LOSE SIGHT

Vincent Elementary's Mission is to:

1. Provide a safe environment that encourages academic excellence by promoting a culture of independence, confidence, and ownership of learning.
2. Develop home, school, and community partnerships to help students reach their full potential.

Our Framework to Operate

Symptom Checks: A symptoms check should be conducted AT HOME, prior to riding the bus or leaving to attend school.

Distancing: Every effort will be made to keep distancing to six feet when possible. If not possible, students will be following facial covering protocols.

Face coverings: There will be mandatory face coverings for staff and students while on the bus and in school buildings in all grade levels. Students will not be able to enter the building without a face covering.

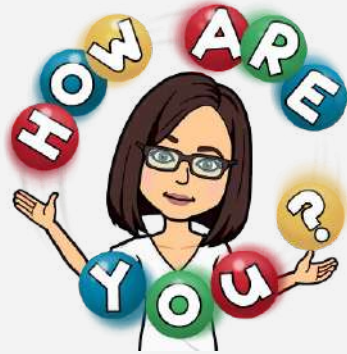

Hand washing and hand sanitizer: Regular hand washing will take place and hand sanitizer will be readily available to staff and students.

Limiting movement throughout the buildings: Although we know that children need time to move throughout their day, some scheduling adjustments will be implemented to limit movement when possible (ie: specials and restrooms).

Social and Emotional Supports

- Social-emotional support for students and staff is more important than ever.
- We will build-in opportunities to help address anxiety, fears and uncertainty.
- Counselors/social worker will be available to consult with teachers and work with students and families in need of support.
