

Welcome to Kingston's Virtual Open House

We are happy to welcome you back to Kingston!

Below you will find information about our Full Time Virtual Program, Primary/Elementary School Virtual Open House, Junior High/High School Virtual Open House, and instructions to access Google Classroom.

Full Time Virtual Program

We are excited to announce that we will be offering a new virtual platform called Edgenuity. We believe that this program offers a more comprehensive educational experience for our virtual students. Unfortunately, we are still in the process of setting up our accounts, and will be reaching out to our virtual students early next week to complete enrollment and provide user log-in information and support. For the time being, we are providing a link that will allow parents and students to learn more about the program. Please reach out to your building administrator with questions.

Students in first through fifth will participate in a Virtual Open House. If you have not yet scheduled a time please call either the elementary or primary office.
