

# Carmel Middle Virtual Open House

Although this isn't the typical way we start school, we want to ensure our Cougars are as prepared for the upcoming year as possible. We will be conducting a virtual open house for our students to come to campus to get curriculum materials and a Chromebook (if needed) and purchase schoolwear and school supplies.

Students will be assigned times based on their grade-level to come to campus for a drive through open house. **Students and parents will not be permitted inside the building.** Please review the chart below to see if you will have materials to pick-up. The bus lot will be used for Chromebook and instrument distribution.

Please follow the map and use the ONE WAY TRAFFIC pattern. We highly recommend wearing gloves and a mask during this process for all involved.

Student schedules will be available to view in Powerschool on Wednesday, August 12th. Schedules were also mailed to you.
