

BARR is a strengths-based educational system that provides schools with a comprehensive approach to meeting the academic, social, and emotional needs of all students through the power of data and relationships. Each week the teachers provide a U-Time lesson that focuses on building relationships and learning to appreciate each other. Many lessons include a specific book or videos; they also include literacy extensions. A list of books, read alouds, and video is provided to all parents/guardians. Not every title will be used. Some are more geared for younger grades, while others will interest the older grades. Please feel free to contact the BARR Coordinator at your child's school for any questions.
