WHAT'S COVERED IN THIS GUIDE

The online tools for WA-AIM consist of the DRC INSIGHT Portal (covered in this guide). These tools are used as follows:

The DRC INSIGHT Portal is used for user and test management. The primary users are District Test Coordinators (DTCs), School Coordinators (SCs), and Test Administrators (TAs). The primary audience for this guide is the DRC INSIGHT Portal end users and the administrators.

This guide is divided into the following sections.

Working with the DRC INSIGHT Portal

Describes how to access and log on to the DRC INSIGHT Portal, as well as some of its more common menu functions and options for end users.

General Information Menu

Covers tasks that users can perform in the DRC INSIGHT Portal, including resetting their passwords and recovering forgotten userIDs and passwords, and downloading information.

User Management Menu

Covers administrative tasks that DTCs can perform using the DRC INSIGHT Portal, including editing and updating user information, activating and deactivating users, and adding new users.

Item and Form Management

Covers tasks that users can perform to manage and create various forms used for assessments, and describes form status and purpose.

Registration

Covers tasks that users can perform to create and manage assessment registrations for students.

Student Management Menu

READ ONLY - Describes the options that DTCs, SCs, and TAs have for viewing student information.

Student Performance Data

Covers tasks for entering assessment results and completing the Student Characteristics Survey.

Report Delivery Menu

Describes how various users can access, view, download, and print individual Student Reports and Student Roster Reports for assessed students.

ROLES AND PERMISSIONS IN THE DRC INSIGHT PORTAL

For online testing, the DRC INSIGHT Portal categorizes users into various roles and levels—DTC, SC, and TA. Within the DRC INSIGHT Portal, each role level is assigned a set of testing functions called permissions to allow the users at that level to handle the testing responsibilities associated with the role.

PRIMARY USER ROLES

The following are the primary user roles and responsibilities in the DRC INSIGHT Portal.

District Test Coordinator (DTC)

- Add DTC, SC, and TA user accounts
- Assign permissions to DTCs, SCs, and TAs

School Coordinator (SC)

- Add SC and TA accounts
- Assign permissions to SCs and TAs

Test Administrator (TA)

- Manage and create forms containing Performance Tasks in Item and Form Management
- Register students to Final forms to associate the students and their assessment data in Registration
- Enter assessment results in Student Performance Data after administering Final forms to students

THE DRC INSIGHT PORTAL PERMISSIONS MATRIX

The table on the following pages lists the DRC INSIGHT Portal menu to which a permission applies, the permission's name in the DRC INSIGHT Portal, the tasks the permission allows a user to perform, and the roles currently assigned the permission.

DRC INSIGHT Portal Menu	Permission Name	Allows User To...	DTC	SC	TA
User Management–User Administration	Administrator	Add/edit user accounts and profiles	X	X	
General Information	Documents–View	View manuals, presentations, and other documents	X	X	X
Report Delivery	DRC IRS–Access	Access the Report Delivery application	X	X	
Report Delivery	DRC IRS–District	Access District-level results	X		
Report Delivery	DRC IRS–School	Access School-level results	X	X	
Report Delivery	DRC IRS–Teacher	Access Teacher-level results	X	X	
Report Delivery	Reports–View District Files	View District reports	X		
Report Delivery	Reports–View School Files	View School reports	X	X	
Report Delivery	View Reports–Download–District/School	Download all reports for a district or school for an administration	X	X	
Item and Form Management	Form Management	View, create, edit, and publish forms for use in Registration	X	X	X

DRC INSIGHT Portal Menu	Permission Name	Allows User To...	DTC	SC	TA
Student Performance Data	Online Scoring–Standard	View Online Scoring summaries	X	X	X
Student Performance Data	WA-AIM–Online Scoring–Base Permissions	Allows access to view DRC INSIGHT Portal, and menu option for Online Scoring	X	X	X
Student Management–Manage Students	Students–Download Students	Download a list of student information	X	X	X
Student Management–Manage Students	Students–Search/View** **Users must have this permission to use any other Student permissions.	Search and view student data	X	X	X
Registration	Registration–Search/View		X	X	X
Registration	Registration–Add/Edit		X	X	X
Registration (Test Management)	Test Setup–Primary Window	Access Registration	X	X	X

Working with the DRC INSIGHT Portal

INTRODUCTION

The DRC INSIGHT Portal is the user and test management system for the Washington Access to Instruction and Measurement: WA-AIM. This section is designed for all users; it includes the following general procedures:

- Accessing the DRC INSIGHT Portal
- Managing Your Account
- Changing your name or Email
- Changing your Password
- Displaying Your Agreements
- Displaying the Security Agreement
- Displaying the Minimum Browser Requirements

DRC INSIGHT PORTAL USER ACCOUNT CREATION

DRC INSIGHT Portal user accounts and login credentials are established once for current and future use.

District Test Coordinator (DTC) accounts are provided by OSPI to DRC, which prepares DRC INSIGHT Portal user accounts for the DTCs. DTCs then create School Coordinators (SC) and Test Administrator (TA) user accounts. SCs also can create TA accounts. When added as a new user, the user automatically receives an email from the WA-AIM HelpDesk (noreply@datarecognitioncorp.com) with login information.

⚠ Important: If you are a DTC who did not receive DRC INSIGHT Portal credentials, or you are a new DTC, please contact [OSPI](#) at wa.aim@k12.wa.us. SCs should contact their DTC and TAs should contact their SC if they are new or did not receive credentials.

ACCESSING THE DRC INSIGHT PORTAL

You access the DRC INSIGHT Portal from the Welcome to the DRC INSIGHT Portal page.

1. To access the DRC INSIGHT Portal, enter the URL <https://wa.drccedirect.com> in a supported browser.
 - A The **Welcome to the DRC INSIGHT Portal** page displays.
 - B Enter your username and password then click **Sign In**.
 - C Click **Forgot your password** to receive an email with instructions on how to reset your password.

The screenshot shows the DRC INSIGHT Portal login interface. On the left, there is a white login form with the DRC INSIGHT logo at the top. The form contains two input fields: 'Username' and 'Password'. Below the password field is a 'Show Text' button. At the bottom of the form is a 'Sign In' button and a link that says 'Forgot your password?'. On the right side of the page, there is a dark blue sidebar with white text. The text reads: 'Welcome to the DRC INSIGHT Portal. The Office of Superintendent of Public Instruction (OSPI) in partnership with Data Recognition Corporation (DRC) welcomes Washington educators to the DRC INSIGHT Portal. This website enables you to access links to program tools, access the data collection system, and provide information for the Washington Access to Instruction and Measurement (WA-AIM) program. To access program content, authorized personnel need to sign in to the secure website with their email address and password. A link to the WA-AIM training materials is provided below. If you need assistance, please contact the WA-AIM Help Desk at waaimhelpdesk@datarecorp.com or 800.363.2657. WA-AIM Training Materials The WA-AIM training materials can be found on the OSPI website: <https://www.k12.wa.us/assessment/WA-AIM/Trainings.aspx>. These training materials include information for educators new to the WA-AIM assessment and returning educators.'

2. After a successful log in, the **Welcome to the DRC INSIGHT Portal** page reappears with menu options for navigating the site.
 - A The Product menu displays the active DRC product (WASHINGTON in the screenshot below). If you have more than one product, click the menu to select a different product.
 - B The **My Application** menu displays the DRC INSIGHT Portal options you have permission to use. Initially, the menu displays **My Applications** but will display the title of any menu option you select (see C below).

- C When you select a menu option, the **My Application** menu displays the name of the selected option.

Managing Your Account

If necessary, you can change your password for the DRC INSIGHT Portal or change your name by editing your profile. In addition, you can display a list of DRC products to which you have access by selecting View My Agreements under the PRODUCT header.

- A** Sign in to the DRC INSIGHT Portal.

- B** Click your initials (based on your first and last name in the DRC INSIGHT Portal) in the right-hand corner of any page to display a menu of options.

Managing Your Account—Changing Your Password

1. This topic describes how to change your password within the DRC INSIGHT Portal (for existing users only).
 - A Select **Change Password** to change your password. The password must meet the following conditions.
 - At least one numeric character
 - At least one lowercase character and at least one uppercase character
 - At least one of the following special characters: !@#%\$%^&*
 - Minimum length of 8 characters

The password cannot contain your username, email, first name, middle, or last name.

- B Enter your current password in the **Previous Password** field, your new password in the **New Password** and **Confirm New Password** fields.
- C Click **Save**.

Managing Your Account—Displaying Your Agreements

1. This topic describes how to display the agreements for your DRC products.
 - A Select **View My Agreements** to display DRC product agreements.
 - B Click a product to display its agreement.

The screenshot shows the DRC INSIGHT portal interface. On the left, a dark navigation menu contains the following items: 'MY PROFILE' (with a 'BB' user icon), 'Edit Profile', 'Change Password', 'PRODUCT', 'View My Agreements', and 'Sign Out'. An orange arrow points from 'View My Agreements' to the 'User Agreements' tab in the main content area. The main content area has tabs for 'Profile', 'Password', and 'User Agreements'. Below the 'User Agreements' tab, the text 'My agreements' is displayed above a placeholder for a Washington state logo.

The 'User Agreement' dialog box is titled 'User Agreement' and contains the following text:
Security and Confidentiality Agreement for DRC Applications
The DRC Applications are designed for State, District, and School level personnel and contain confidential and private information, including, but not limited to, secure test materials, test scores and student demographic information. The system is password protected and requires a username and password for access.
The secure test materials are proprietary information of its owner(s) and are provided to those authorized individuals who are legally bound to maintain the security of the test. In order to access the secure test materials you must first agree to these terms to keep the test materials secure and confidential and not disclose or reproduce any information about the secure test materials except in your authorized capacity.
The system is not for public use, and any student information from the system must not be disclosed to anyone other than a state, district or school official as defined by the Family Educational Rights and Privacy Act of 1974 (FERPA). Under FERPA, a school official is a person employed by the state, district or school as an administrator, supervisor, district test coordinator, school test coordinator, principal, teacher, or principal's designated office staff. Such a user must have a legitimate educational purpose to review an educational record in order to fulfill his/her professional responsibility.
State, district, and school users who are granted permission to this system must read and abide by the Family Educational Rights and Privacy Act (FERPA). Disclosure of passwords to anyone unauthorized to use the system is prohibited. Disclosure of a student's data to their parent or guardian must be in accordance with FERPA. For more information on FERPA, see the U.S. Department of Education website at <http://www.ed.gov/offices/OIA/fpco/ferpa/>.
By agreeing to these terms, I hereby certify that I will maintain the confidentiality of secure test materials, system passwords and student data accessed through the DRC Applications and I will not share information with unauthorized individuals. If I leave the position that allowed me to access this information, I will neither access nor disclose any data previously accessed through the system. Further, I will destroy any data accessed through the system.
A 'Close' button is located at the bottom right of the dialog box.

Displaying the Security Agreement

The first time you access the DRC INSIGHT Portal, you must agree to the terms of the agreement to continue using the DRC INSIGHT Portal.

⚠ Important: If you do not agree to the terms of the agreement and are still allowed access to the DRC INSIGHT Portal, you may have to contact customer service in order to fully access other applications.

1. To view the Security and Confidentiality Agreement, click your initials in the right-hand corner of any page and select **View My Agreements**. Then select **WASHINGTON** to display the Security and Confidentiality Agreement for DRC Applications.

Displaying the Browser Requirements

1. The **Browser Requirements** link lists browser requirements and includes links to browser pages and additional information. This page details the DRC INSIGHT Portal web browser requirements for Windows, Mac (OS X and macOS), and Linux operating systems.

- A** Click the **Browser Requirements** link at the bottom of any page.

- B** The **DRC INSIGHT Portal Web Browser Requirements** page displays a list of the web browsers that are certified to use with the DRC INSIGHT Portal and are organized by operating system.
- C** The Additional Information section contains links to descriptions of other items that are required for browsers to use the DRC INSIGHT Portal.

DRC INSIGHT Portal Web Browser Requirements

To ensure the best user experience when accessing the DRC INSIGHT Portal or other DRC hosted Web pages and Web-based applications DRC recommend using the most current version of one of the following Web browsers:

- Google Chrome
- Mozilla Firefox
- Microsoft Edge
- Apple Safari

DRC recommends using the most current production release version of browser, however, DRC will provide support for 2 versions prior to the most recent version. For example if the most recent version of the browser is v80, DRC will support versions 80, 79 and 78.

DRC provides best effort support¹ of versions older than 2 versions prior to the most recent version and also provides best effort support for Microsoft Internet Explorer 11.

The version of the browser can typically be found in the browser Help function and choosing About.

Resolution

DRC web-based applications work optimally at a minimum browser window width of 1024 pixels (for example, a screen resolution of 1024x768 with a maximized browser window). If your system does not meet this minimum, the site may require horizontal scrolling to use all functionality.

Additional Information

All Web pages and Web-based applications hosted by the DRC Applications require the Web browser to support JavaScript and to accept session-based cookies. By default, the major Web browsers are configured to handle this requirement.

¹ Best effort support is defined as the DRC support team will troubleshoot issues reported concerning the unsupported browser version using DRC web-based applications as best we can, but DRC cannot ensure a resolution. If an issue is identified, DRC Support will report the issue to DRC Development, however, DRC cannot ensure a fix or resolution. Once the browser version has reached the end of vendor support, DRC cannot offer support.

General Information Menu

INTRODUCTION

1. When you open the DRC INSIGHT Portal Applications menu and click **General Information**, two options are available:

- A **Announcements** and
- B **Documents**.

C Click **Announcements** to display the latest information regarding WA-AIM testing.

D Click **Documents** to select, open, and download various support materials from the Documents page.

E You can select an administration and document type and then click **Show Documents**.

User Management Menu

INTRODUCTION

This section of the user guide (primarily for DTCs and SCs) discusses the various tasks you can perform from the User Management menu of the My Applications menu.

- Adding Permissions for a Single User
 - Also covers how to clone users
- Editing a Single User's Permissions
- Inactivating a User
- Activating a User
- Adding a User
- Adding a User to an Administration
- Updating Multiple User Profiles at Once
- Uploading Multiple Users

ADDING PERMISSIONS FOR A SINGLE USER

1. From the **Edit User** tab, you can add permissions to a user's account.
 - A Open the DRC INSIGHT Portal Applications menu and click **User Management** to display the User Administration page.
 - B Click on the **Edit User** tab, use the various drop-down menus and fields to enter search criteria to help locate the user.
 - C Click **Find User**.
 - D In the Action column click the **View/Edit** icon () to display the Edit User dialog box.

The screenshot shows the 'User Administration' interface. At the top, there are tabs for 'Edit User', 'Add Single User', and 'Upload Multiple Users'. Below the tabs is a 'Instructions' section. A message states: 'Filters are required. See Instructional Text if unsure how to filter'. There are several search filters: 'Administration' (WA-AIM Testing), 'User Role' (District), 'District' (DRC Use Only - Samp), 'School' ((All)), 'First Name', and 'Last Name'. There is also an 'Email' field and a 'Hide Inactive Users' checkbox. Below the filters are 'Find User' and 'Clear' buttons. At the bottom, there are tabs for 'Users' and 'Profiles'. A table titled 'User Accounts' is visible, with columns for 'Last Name', 'First Name', 'Email Address', and 'Action'. The table contains one row with the following data: Last Name: District, First Name: ALL, Email Address: DISTRICTALL4183@gmail.com. The 'Action' column contains a 'View/Edit' icon, which is circled with a 'D'.

- E Click the **Add** button to display the Add Permissions page.

Edit User

First Name: Last Name: Email Address:

WA-AIM Testing	District	99999 - DRC Use Only – Sample District		 
WA-AIM Testing	District	99999 - DRC Use Only – Sample District		 

E

User Management Menu

2. When the **Add Permissions** page appears, select permissions from the Available Permissions list to add to the user. Once a permission has been assigned to a user, the permission will display in the Assigned Permissions window.

Note: Use the Permission set drop-down to assign all default permissions by role. These permissions have been predetermined as necessary for accessing and completing the various functions required by specific user roles.

A Use the **Add Selected** arrow () to add the permissions, and click the **Save** button.

- To select multiple permissions in sequence, hold down the **Shift** key while you select them.
- To select multiple permissions that are not in sequence, hold down the **Ctrl** key while you select them.

B Use the **Add All** arrow () to add all permissions.

C Click the **Clone from Another User** icon () to copy another user's set of permissions.

Note: All of the users selected must currently have the same role and you must have the necessary permissions to assign the role.

D The permissions are moved to the Assigned Permissions list.

E Click **Save** when you are finished to save your changes.

- A confirmation message will appear indicating that the permissions were added successfully.

F Click **Cancel** to cancel your changes.

INACTIVATING A USER

1. You can inactivate DRC INSIGHT Portal users that are currently active if they are no longer assigned to your school or district. When a user is inactivated, the user is unable to access the DRC INSIGHT Portal (to reactivate a user, see [Activating a User](#) on the following page).

Note: When a user is inactivated, the user does not receive an email.

- A** To inactivate a user, click the **Edit User** tab, use the various drop-down menus and fields to enter search criteria to help locate the user.
- B** Click **Find User**.
- C** In the **Action** column, click the **Inactivate** icon () for the user you want to make inactive.

The screenshot shows the 'User Administration' interface. At the top, there are tabs for 'Edit User', 'Add Single User', and 'Upload Multiple Users'. Below this is a search section with a 'Filters are required. See Instructional Text if unsure how to filter' message. The search filters include: Administration (WA-AIM Testing), User Role (District), District (DRC Use Only - Samp), School ((All)), First Name, Last Name, and Email. There is a 'Find User' button and a 'Clear' button. Below the search section, there are tabs for 'Users' and 'Profiles'. The 'Users' tab is active, showing a table of 'User Accounts' with columns for Last Name, First Name, Email Address, and Action. The table contains one row with the following data: District, ALL, DISTRICTALL4183@gmail.com. The 'Action' column contains three icons: a trash can, a refresh icon, and a person icon with a red 'X' (the inactivate icon).

- D** When the Inactivate User dialog box appears, click **Inactivate** to make the user inactive or
- E** **Cancel** to cancel the process. When a user is inactivated, the following message appears: *The user has been inactivated.*

The screenshot shows the 'Inactivate User' dialog box. It has a blue header with the title 'Inactivate User'. Below the header, there is a question mark icon and the text: 'You have requested to inactivate user 'ALL District (DISTRICTALL4183@gmail.com)'. Are you sure?'. At the bottom of the dialog box, there are two buttons: 'Inactivate' and 'Cancel'.

ACTIVATING A USER

1. You can activate a DRC INSIGHT Portal user that is currently inactive so the user can access the DRC INSIGHT Portal again (to inactivate a user, see Inactivating a User on the previous page). When the user is activated, an email notification is sent to indicate that the account has been reset and to provide a new temporary password.

Note: Users are activated automatically when they first log in to the DRC INSIGHT Portal. Only users that were previously inactivated need to be activated manually.

- A** To activate a user, click the **Edit User** tab, use the various drop-down menus and fields to enter search criteria to help locate the use.
- B** Click **Find User**.
- C** In the **Action** column, click the **Activate** icon () for the user you want to make active. When the user is activated, the following message appears: The user has been activated.

ADDING A USER

When you add a user, specify the permissions the user will have. Refer to “The DRC INSIGHT Portal Permissions Matrix” on page 8 for permissions assignments by role.

For Test Administrators who assess students at more than one school within the district, the District Test Coordinator (DTC) or School Coordinators (SCs) will need to create separate DRC INSIGHT Portal profiles for the Test Administrator at each school. If a Test Administrator assesses students in more than one district, the DTCs or SCs from each district will need to create separate DRC INSIGHT Portal user profiles for the Test Administrator for each of the schools in their districts.

1. To add a user, from the Manage Users menu:

A Select the **User Administration** option and click the **Add Single User** tab.

B Fill out the required fields and required options from the drop-down menus.

Note: A required field or menu option has a red asterisk (*) next to it.

C Use the Permission set drop-down to assign all default permissions by role. These permissions have been predetermined as necessary for accessing and completing the various functions required by specific user roles.

D Select a permission from the Available Permissions list and click the **Add Selected** icon () to assign the permission to the user (“Editing a Single User’s Permissions” on page 26).

Note: A description of the permission selected appears beneath the list of permissions.

E The permissions are moved to the Assigned Permissions list.

F Click **Save** when you are finished assigning permissions.

- A confirmation message will appear indicating that the permissions were added successfully.

ASSIGNING A USER TO AN ADMINISTRATION

The DRC INSIGHT Portal requires a user to have a profile for each administration that the user will need to access to administer assessments.

For Test Administrators who assess students at more than one school within the district, the District Test Coordinator (DTC) or School Coordinators (SCs) will need to create separate DRC INSIGHT Portal profiles for the Test Administrator at each school. If a Test Administrator assesses students in more than one district, the DTCs or SCs from each district will need to create separate DRC INSIGHT Portal user profiles for the Test Administrator for each of the schools in their districts.

From the **Edit User** tab, you can assign an existing user to other administrations within the DRC INSIGHT Portal.

Note: When a new user is created (see “Adding a User” on page 30), an administration must be selected.

1. To assign a user to an administration,
 - A Select **User Administration** from the Applications menu, select the **Edit User** tab, use the various drop-down menus and fields to enter search criteria to help locate the user.
 - B Click **Find User**.

The screenshot shows the 'User Administration' interface. At the top, there are three tabs: 'Edit User', 'Add Single User', and 'Upload Multiple Users'. Below the tabs is a link for 'Instructions'. A message states 'Filters are required. See Instructional Text if unsure how to filter'. The search filters include: Administration (WA-AIM Testing), User Role (Test Administrator), District (DRC Use Only - Samp), School (All), First Name, Last Name, and Email. There is also a checkbox for 'Hide Inactive Users'. At the bottom, there are two buttons: 'Find User' and 'Clear'. A circled 'A' points to the 'Instructions' link, and a circled 'B' points to the 'Find User' button.

- C** In the Action column, click the **View/Edit** icon (). The user appears in the Edit User window.
- D** Click **Add**.

UPDATING MULTIPLE USER PROFILES

From the Edit User tab of the User Administration page, you can update multiple user profiles at once. You also can select multiple users and copy the selected users to a new administration, add or remove permissions for the selected users, assign the selected users to a new role, or export data for all of the users on the Profile tab to a spreadsheet.

Note: Copying users to new administrations must be done at the user role level.

1. To update multiple user profiles,
 - A Select **User Administration** from the Applications menu and select the **Edit User** tab from the User Administration page.
 - B Select an **Administration** and use the other drop-down filters to find users.
 - C Click **Find User**.

2. Use the various buttons at the bottom of the page to perform profile updates and other actions, as shown on the following pages.

- A Click **Copy to New Administrations** to copy the selected users with the current permissions to other administrations.

Note:

- All of the users selected must currently have the same role and you must have the necessary permissions to assign the role.
- New users may need to be assigned to previous administrations to access historical assessment information.

When the **Copy Profiles to New Administration** dialog box displays, select the new administration and click **Submit**.

Copy Profiles to New Administration

You are copying 3 user profile(s). If you are unsure which profiles you selected, press Cancel and review your choices on the previous screen.

- G** Click **Remove Permissions** to remove permissions from the selected users.

- H** After you use the Remove Permissions dialog box that appears to remove permissions, click **Save** to save your choices or
- I** **Cancel** to cancel them.

UPLOADING MULTIPLE USERS

From the User Administration page, you can upload a file containing multiple user profiles to DRC. The file must meet certain requirements as described in the following process.

Note: The user profile file layout requires a role for each user, but not permissions. You must add permissions for each user you upload.

1. Open the **Applications** menu and select **User Management** to display the User Administration page. Select the **Upload Multiple Users** tab.

- A Use the **Administration** drop-down menu to select the correct administration.
- B The **Upload Multiple Users** tab contains links to both a sample PDF file that contains instructions and a sample .csv file that you can use to create the actual file.
- C Click **File Layout** to display the Batch User Upload File Layout file (WA_BatchUserUploadFileLayout.pdf).

User Management Menu

- D This file displays the required layout of the .csv file you will upload to DRC with rules, instructions, and examples describing how to create and format the file.

Batch User Upload File Layout Comma Delimited .CSV				
Ref#	Column Name	Required?	Valid or Possible Values	Description
1	First Name	Y	Max 30 characters	New User's First Name
2	Middle Initial	N	Max 1 character	New User's Middle Initial
3	Last Name	Y	Max 30 characters	New User's Last Name
4	Email Address	Y	Max 50 characters	New User's unique email address. This will be the new user's user name to log into the Portal.
5	Role	Y	<ul style="list-style-type: none"> State District School Test Administrator 	New User's Role. You may only upload users with a Role that is further down the list than your own Role (e.g., a School user cannot upload users at the District level). Note: Use "District" for District Test Coordinators and "School" for School Coordinator.
6	District Code	N for 'EPM' and 'State' users Y for 'District', 'School' and 'Test Administrator' users	Valid District Code or blank	This is the District that the New User is associated with. This will dictate what district and/or schools the user will have access to within the portal. 'EPM', and 'State' users will be defaulted with access to all Districts. The district code must match the district code displayed in the eDIRECT District dropdown.
7	School Code	N for 'EPM', 'State', and 'District' users Y for 'School' and 'Test Administrator' users	Valid School Code or blank	This is the School the New User is associated with. This will dictate what school the user will have access to within the portal. 'District' users will be defaulted with access to all schools within their District. 'EPM', and 'State' users will be defaulted with access to all Districts. The school code must match the school code displayed in the eDIRECT School dropdown.

2. Display the WASampleUser.csv file.

- A Click **Sample File** to download or display the WASampleUser.csv file. This file is only a sample of the type of file you will upload to DRC.

Note: Depending on the browser you are using, a dialog box may appear for you to use to open or download the file.

Student Management Menu

INTRODUCTION

From the Student Management menu, you can search for students and student demographic information. Users cannot edit student information.

In general, this section is used by TAs. It contains the following procedures:

- Searching for Students
- Viewing Student Detail Information
- Viewing Student Demographic Information

Note: Before beginning assessments, the district should review all student demographic information in the DRC INSIGHT Portal to ensure accuracy of the following:

- Student is identified to take the WA-AIM
- Enrolled grade level
- School location
- Engagement Rubric status

Searching for Students

The Manage Students option of the Student Management menu allows you to search for and view student information and student demographic information. You cannot edit student information.

⚠ Important: Students will be loaded into the DRC INSIGHT Portal from a Pre-ID file provided by OSPI. Student data cannot be edited by users within the DRC INSIGHT Portal. If data is incorrect, update the student information in CEDARS, which updates the DRC INSIGHT Portal. If edits to student information do not update in the DRC INSIGHT Portal within 24-48 hours, please contact wa.aim@k12.wa.us

1. To display the Manage Students page, open the Applications menu,

- Ⓐ Click **Student Management**, and
- Ⓑ Click **Manage Students**.

Student Management Menu

2. To search for one or more student records, use the various drop-down menus and fields to enter search criteria.

- A Click **Find Students**.
- B To filter the display based on whether students have been assigned to a registration, use the Session Assignment drop-down menu. You can select one of the following values:

<u>Value</u>	<u>Description</u>
Online	Displays the students that have been assigned to a registration (the default value).
(None)	Displays the students that have not been assigned to a registration.
Blank	Leaving the field blank displays all students, both assigned and unassigned.

The screenshot shows the 'Manage Students' interface. At the top, there is a header 'Manage Students' and a link for 'Instructions'. Below this, a red asterisk indicates required fields. The search filters are arranged in a grid:

- Administration: WA-AIM Testing (dropdown, required)
- District: DRC Use Only - Sample Di (dropdown, required)
- School: (All) (dropdown)
- Last Name: (text input)
- First Name: (text input)
- SSID: (text input)
- Grade: (dropdown)
- Demographic: (dropdown)
- Content Area: (dropdown)
- Session: (dropdown)
- Online Test Status: (dropdown)
- Session Assignment: (dropdown menu)

The 'Session Assignment' dropdown menu is open, showing options: (None) and Online. A blue circle 'B' is placed next to the dropdown menu. A 'Find Students' button (labeled 'A') and a 'Clear' button are located below the filters. At the bottom, there is a 'Students' table header with columns for 'Last Name' and 'First Name', and a footer instruction: 'Choose from the above filters and click on 'Find Students' to view matching 'Students''.

- C** After you click **Find Students**, the students that match your search criteria display at the bottom of the page.
- D** Click the **View/Edit** icon () in the Action column for the student whose registration information you want to display.

2. The Edit Student page appears.

- A Click the **Demographics** tab to display the selected student's information.

Note: You cannot edit student demographic data.

⚠ Important: For students who will be assessed through the Engagement Rubric, the Engagement Rubric box must be checked before the Test Administrator registers forms to students. If the Engagement Rubric designation is incorrect, the DTC should remove the Engagement Rubric indicator in the Washington Assessment Management System (WAMS).

The screenshot shows the 'Edit Student' interface. At the top, there is a blue header with the text 'Edit Student'. Below the header is a section titled 'Instructions' with a red asterisk indicating required fields. The form contains four input fields: 'Last Name' (containing 'Student'), 'First Name' (containing 'Training'), 'Middle Initial' (empty), and 'SSID' (containing '1234567890'). A red asterisk is next to each field. Below the input fields are three tabs: 'Student Detail', 'Demographics', and 'Test Sessions'. The 'Demographics' tab is selected. Under the 'Demographics' tab, there is a list of checkboxes: 'Engagement Rubric', 'New Non-English Proficient (NNEP)', 'Foreign', 'Private', and 'Home-based'. At the bottom of the form are two buttons: 'Save' and 'Cancel'.

Viewing a Student's Registration Details

ⓘ Important: Status should be monitored and changes to registrations should be managed in the Registration application. See "Registration" on page 55.

Item and Form Management

INTRODUCTION

The Item and Form Management section of the DRC INSIGHT Portal for WA-AIM is where Test Administrators manage and create forms used for assessments.

Test Administrators can use pre-existing forms or create their own by choosing items from content areas and assign them to a registration.

Online Help

Item and Form Management has online help that is launched directly from the DRC INSIGHT Portal. You can display the online help by clicking the (?) in the Item and Form Management application. It covers all aspects of the Item and Form Management functionality, including:

- Item and Form Management
- Preview a Public Form
- Create a Form
 - Form Purpose - Final, Baseline, Instructional
 - Form Status - Archived, Draft, Published
 - Create a Form Using Form Definition
 - Create a Form Using the Items List
- View/Print a Form
- Clone a Form
- Update Available
- Delete a Draft Form
- Archive a Published Form

Registration

INTRODUCTION

The Registration application is where Test Administrators manage assessment registrations for final forms – either associating students with pre-built Final forms or Final forms they have already created in Item and Form Management.

Test Administrators/Teachers can see only students that are enrolled in their schools.

See "Searching for Students" on page 45 for information regarding registering students in Washington Assessment Management System (WAMS).

⚠ Important: Use the Registration application to monitor test completion and/or registration status.

Online Help

Registration has online help that is launched directly from the Registration interface in the DRC INSIGHT Portal. You can display the online help by clicking the (?) in the Registration application. It covers all aspects of using the registration functionality, including:

- Registration
- Register a Student for a Published Final Form
- Register a Student for an Engagement Rubric (ER) Form
- Add/Remove a Form While Creating a Registration
- Add a Form to an Existing Registration
- Cancel a form on an Existing Registration

Student Performance Data

INTRODUCTION

Student Performance Data is where Test Administrators enter assessment results after administering Final forms to students. Students must first be associated with Final forms in Registration for the corresponding assessments to appear in Student Performance Data.

Online Help

Student Performance Data has online help that is launched directly from the Student Performance Data interface in the DRC INSIGHT Portal. You can display the online help by clicking the (?) in the Student Performance Data application. It covers all aspects of using the student performance data functionality, including:

- Student Performance Data
- Complete a Student Characteristics Survey (SCS)
- Complete a Standard Assessment
- Complete an Engagement Rubric (ER) Form

Report Delivery Menu

INTRODUCTION

From the Report Delivery menu, DRC INSIGHT Portal users can access status reports and view, download, and print online testing results.

Accessing Reports

1. To access Report Delivery in the DRC INSIGHT Portal, do the following:

- A** Go to **MY APPLICATIONS** and select **Report Delivery** under SCORING AND REPORTING.
- B** Select **On-Demand Reports**.
- C** Select the desired report title from the **Please Select a Report** dropdown. Additional search fields are required as you select options from each field.

Note: The Language filter is enabled and required for the Individual Student Reports. The Individual Student Reports are available in English and five other languages—Arabic, Spanish, Russian, Somali, and Vietnamese.

- D** Once all required filters have been completed, options to **Display Students** and/or **Download Report** will be enabled.

Note: The Student Roster Report is at the school level so the Display Students option does not display for that report.

The screenshot shows the DRC INSIGHT WASHINGTON REPORT DELIVERY interface. At the top, there is a navigation bar with 'DRC INSIGHT WASHINGTON REPORT DELIVERY' and a dropdown menu 'A'. Below this, there are tabs for 'On-Demand Reports', 'Published Reports', and 'Manage Reports'. The 'On-Demand Reports' tab is active, and a dropdown menu 'B' is open, showing 'Individual Student Report' selected. Below the dropdown, there are several filter fields: 'Please Select a Report:' (with a dropdown 'C'), 'Administration:' (WA-AIM Spring 2021), 'District Name:' (DRC Use Only - Sample District), 'School Name:' (DRC Use Only - EPM Sample School), 'Language:' (English), and 'Grade:' (with a dropdown). To the right of these filters are two buttons: 'Display Students' and 'Download Report', with a circled 'D' next to them. Below the filters is a table titled 'Students' with columns for 'Select', 'Name', 'SSID', 'Grade', and 'Action'. The table contains two rows of student data:

Select	Name	SSID	Grade	Action
<input type="checkbox"/>	KADEMO, LILY	5555555527	12	
<input type="checkbox"/>	ABDEMO, OLIVIA	5555555553	05	

2. When Download Report is selected, a PDF is generated with pages for all records that match the specified criteria in the filters. When Display Students is selected, a list of all students matching search criteria is presented below the filters. You can then do the following:
 - A Download a single Individual Student Report by clicking the download button in the Action column;
 - B Download reports for a subset of students returned in the results by clicking the checkboxes in the Select column and then the **Download All Selected** button at the bottom of the page;
 - C Or click the **Download Report** at any time to produce a PDF with reports for all students listed.

The screenshot displays the 'Report Delivery Menu' interface. At the top, there are several filter dropdowns: 'Please Select a Report:' (set to 'Individual Student Report'), 'Administration:' (set to 'WA-AIM Spring 2021'), 'District Name:' (set to 'DRC Use Only - Sample District'), 'School Name:' (set to 'DRC Use Only - EPM Sample School'), 'Language:' (set to 'English'), and 'Grade:'. To the right of these filters are two buttons: 'Display Students' and 'Download Report'. A circled 'C' is placed over the 'Download Report' button.

Below the filters is a table titled 'Students'. The table has columns for 'Select', 'Name', 'SSID', 'Grade', and 'Action'. The 'Select' column contains checkboxes, some of which are checked. The 'Name' column lists student names like 'AADEMO, LILY', 'ABDEMO, OLIVIA', etc. The 'SSID' column contains alphanumeric strings. The 'Grade' column shows values like 12, 05, 12, etc. The 'Action' column contains download icons. A circled 'A' is placed over one of the download icons.

At the bottom of the table, there is a 'Download All Selected' button, with a circled 'B' next to it. To the right of this button, there is a 'Items per page' dropdown set to '10', and a '1-10 of 10' indicator with navigation arrows. At the very bottom, there is a footer with '© DRC Insight 2021', 'Terms of Use', 'Privacy Policy', 'Browser Requirements', and the 'DRC' logo.

Report Delivery Menu

Accessing Published Reports

1. To access Published Reports from past administrations in the Report Delivery application in the DRC INSIGHT Portal, do the following:

- A Select the **Published Reports** tab.
- B Click the **Select a Site ...** button and start typing the school name or number in the search bar.
- C Click **Select** next to an admin.

- D Click the link to the report you wish to view in the **Report Title** column. This will produce a PDF of all the available reports for that school.
