Order #	Service Description	Quantity
3742671	MONTHLY SERVICE YEARLY BILL	1.00

Service Comments

Tech Comment: The IPM plans were checked before service, everything is up to date. A wasps nest was treated and removed from the front entry underneath the canopy, a 25 product was applied. Please stay clear of the area for at least 24 hours. Checked all traps and bait stations under and behind equipment of kitchen, laundry, and accessible storage areas, there was no pest activity or evidence found at this time. Insect monitors were replaced as needed

Materials Summary

Material Applied	EPA #	Active Ingredient	Finished Quantity	Application Method	Application Rate
