## Quiz

Instructions: Answer each question.

1. True or false: Always check the depth of water before you dive in.
2. If you don't see a lifeguard on the beach, you should:
  - a. only swim in shallow water
  - b. only swim up to your waist
  - c. not go in the water
  - d. only swim with experienced swimmers
3. You should wear a lifejacket:
  - a. any time it's raining
  - b. only if you're a beginning swimmer
  - c. only if it matches your lifehat
  - d. any time you go in a boat
4. True or false: You should always swim with another person even if you're a good swimmer.
5. True or false: More people die in boating accidents than in airplane or train crashes each year.

**Extra credit:**

List three water safety rules that you'll remember to follow the next time you're near or in the water:
