

The Outstanding Business Partner for October 2017 is Wooster Community Hospital Healthpoint.

The hospital, originally designed to serve 65 patients, opened its doors to receive its first patients on March 21, 1950. Since then expansion has taken place including many additions, expansions, and renovations. Women's Pavilion and Progressive Care Unit.

In the Spring of 2003, the newly constructed HealthPoint Facility opened. This building incorporates the existing rehabilitative services of Physical Therapy, Occupational Therapy, and Speech Therapy along with a host of new specialty services such as massotherapy and Corporate Care.

It is their goal and continuing commitment to remain a progressive, dynamic institution that provides the best possible health care to the people they serve.

"Healthpoint is a vital clinical and capstone site and has never refused to help my program when asked," said Andrew Nicholson, Exercise Science & Sports Medicine Instructor. "Their employees work both at Healthpoint and at the local schools with our students."

Along with serving as a clinical site, Wooster Community Hospital and Healthpoint hire our graduates, provide judges, equipment and other things for student organizations, their employees serve as Advisory Committee members, and they provide nurses to conduct testing for our random Drug Free Clubs of America test days.

We are very lucky to have a resource such as Wooster Community Hospital Healthpoint in our community and we're proud to name them our Outstanding Business Partner.
