

Mary Ann Bridges

Star Teacher

My Star Teacher is Ms. Mary Ann Bridges. It is amazing how she cares about me. She makes me feel so important. She makes me laugh by sharing stories about her family and her pets. She helps me to feel joy in everything I do.

Ms. Bridges has helped me mostly with my math. I have learned Algebra. We work on perimeter and area lessons. Those are my favorite.

I never want to let Ms. Bridges down. I always want to make her proud. When I graduate, I will miss her hugs. Ms. Bridges is my Star Teacher.
