## Computer Graphics & Graphic Design

WEEK 1: Assignment

*Make a rainbow and share it*

March 30 - April 3

Ms. Bruna

# Objective:

## The Arts as Communication:

In today's multimedia society, the arts are the media and therefore provide powerful and essential means of communication. The arts provide unique symbol systems and metaphors that convey and inform life experience (i.e., the arts are ways of knowing).

### ADD SOME COLOR AND HOPE IN YOUR TOWN

Rainbow window art helps to calm coronavirus fears

As the coronavirus emergency lingers during an intensifying pandemic, rainbows are helping families cope.

A effort to spread hope and cheer in Italy where families are posting pictures of rainbows in a windows of their homes.

Now, rainbows are popping up in towns and cities throughout the USA.

For those interested, it's easy to get involved.

\*Draw a rainbow on paper with your kids and tape it on the window facing the street.

\*Or, use washable paint to make a burst of color directly on the glass.

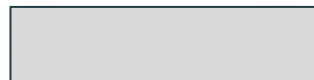

Our school is the home of hope, joy, and Indian pride. As high schoolers, I believe it is your job / ability to bring a simple act or jester, like a rainbow, to mean much more.

\*Remember, in rough times we, as humans, show our true character or colors.

# Examples:

Quarantine Rainbows are popping up all over my Brooklyn neighborhood - a sign of hope and joy for kids (of all ages) in a dark time. See the map & info here. And consider bringing it to your community? [google.com/maps/d/viewer?...](https://www.google.com/maps/d/viewer?...) #coronavirus

To receive **credit** for Assignment 1 you need to insert an image of your rainbow into Google Classroom. Your rainbow may be: in your window or a chalk rainbow on the driveway #novandalism.

- If you have no supplies, such as, paper and / or coloring tools, be creative. That is why art classes exist: For students at the Proficient level ( High School ) need to developed the foundational technical and expressive skills and understandings in visual art necessary to solve assigned problems or prepare assigned repertoire; make appropriate choices with some support; and may be prepared for active engagement in their community.

**History:** The **Native Americans** that first lived in the United States often made their own paints out of materials they found in the world around them.
