## Part 2: Brainstorm

What are 25 words that you associate with this theme?

Part 3: Now, let's think about the shape of your island. What ideas come to mind when you think of your island and its theme? For instance, if you are considering an island about dinosaurs, would Barney make a good shape? Sure. A T-Rex with its little arms? Sure. A bunny rabbit? No. That's just weird. So, get sketching. There are four boxes below. Try to think of a few ideas.
