- Deadline for late work is Friday 9/17

DSLR camera settings for creating shadows in classroom

- Use Tv (shutter priority)
  - Set shutter speed to 6o!!!
  - Make sure shutter speed is higher than 6o or it will be blurry.
- If aperture value is blinking you need MORE LIGHT
- Medium image quality

Friday 9/17

- Create & photograph shadows for project
- Combine objects, change angle of light.
- Balance, value & space are key
- Take MORE than 5 photos, each image you turn in should be of a different shadow.

To Do:

- 5 VISUALLY DIFFERENT captures for shadows project, due Monday.

Deadline for late work is TODAY!

DSLR camera settings for creating shadows in classroom
