### **Math Team**

I have set up a Math Team Google Classroom for students who are interested in problem solving for extra entertainment. Your child does not need to have participated in Math Team before to join; it is open to all interested students. If they are interested, please have them join with this code: **5nybso6**

### **Other Hints**

All students have email through BJH. All they need to do to access their email is to click on the waffle on the top right and choose GMail. Students should check this email for communication from teachers a few times per week.

### Athletic News:

The Brunswick-MTA Volleyball program has just begun a “Quaranteam Challenge”. If your current 8th grade girl is interested in trying out for volleyball as a freshman, this would be a good opportunity for her to interact with teammates and coaches, as well as get out and be physically active. Email Coach Phillips at [phillipsk@link75.org](mailto:phillipsk@link75.org) if you’d like more information.

*We appreciate your support and look forward to continuing success as we work together to educate our students!*
