

Bellevue Music

The Bellevue CSD music program (band and choir) performs multiple times throughout the year showcasing their talents. Recently, some of our vocalists participated in the Treble Choir Festival at the University of Dubuque. They performed with others from the ages of 7th grade students to some 80+ years old, truly showing that music participation is a lifelong opportunity for people. Thanks to Jill Roe for providing this opportunity for our students.

Bellevue Quiz Bowl

Bellevue has Quiz Bowl teams at the high school and middle school level that compete in various events throughout the school year. Last week, the middle school had two teams compete at the State Quiz Bowl competition. One of the Bellevue teams placed 6th overall, with Elwood Taylor finishing 3rd in the state, and 1st for 7th grade.

3rd Grade Drink Experiments

Students in 3rd grade in Mrs. Pitt's class have been experimenting with creating a new drink for their enjoyment. Students collected their measurements, developed drink labels, and named their new drink.

Nationwide Spring Officials Appreciation Week

This week is Nationwide Spring Officials Appreciation Week, and it is important to recognize that without officials in any sport that there are no contests/events for our students to participate in. As a reminder, please treat officials in all activities with respect for their time, dedication, and commitment on a daily basis in their work.
