Wellness Policy Assessment Tool

Form 357 Rev 8/17

This template provides information on wellness policy goals and practices within the SFA. Use this tool to track progress and gather ideas on ways to create a healthier school environment. A separate assessment should be completed for each school, or at a minimum, each school level. The wellness policy and completed assessment must be available to the public. Triennial assessment is required by USDA, annual assessments are strongly encouraged in New Jersey.
