

The Educational Service Center of Cuyahoga County is offering an opportunity for students to access their local public school's full or part-time curriculum.

Ohio Online Learning provides access to the same benefits and activities enjoyed by the students in the public schools in their community:

-  eligibility to participate in WHCSD sports and extracurricular activities
-  access to over 250 courses and electives that count toward graduation
-  this online public school option is free of charge

Students in the FREE Ohio Online Learning Program access:

-  state-of-the-art technology
-  engaging Lincoln Interactive curriculum
-  online guidance and support from highly qualified, certified Instructors
-  online programs for students in Grades K-12

Sponsored by the Educational Service Center
