

# Keep Me Home If...

Two or more times  
in 24 hours.

Temperature of 100.5°F or  
more (taken orally).

Three or more watery  
or loose stools in 24  
hours.

With fever or  
swollen glands.

Thick mucus or pus  
draining from the eye.

Rash with itching or fever.  
Open sores, especially with  
drainage. Lice or scabies.

Unusually tired, confused, cranky,  
pale or notable loss of appetite.

## When your child is sick:

1. Have plans for backup child care.
2. Tell your caregiver what is wrong with your child, even if they stay home.
3. Keep your child home for 24 hours after symptoms are gone.
