

Where's Waldo Instructions

1. Find at least 20 **different** images
2. remove the backgrounds (using Remove BG or other tools)
<https://www.remove.bg/>
3. create your own Where's Waldo scene.
4. This can be done in PowerPoint, which does have background removal features.
5. make it very, very, very difficult to find Waldo.
6. Use the next slide to make your creation
7. The smallest Waldo can be is 0.2 inches by 0.2 inches
8. You should have at least **20 different** images in your scene
