

WHY UNION?

Hear what our students think!

"I like how they plan and make our schedules. I like how our school doesn't compare students to other students. Our school always has a plan. If something goes wrong, then they are prepared. I also like how our school picks out really good staff, and our building is really clean."

4TH GRADE STUDENT

DG Elementary

"UMS is a fun and safe place that kids enjoy coming to every day. The teachers do a great job at teaching and really work hard to understand each student and their individual goals. Even though school may not be fun sometimes, the teachers work their hardest to make it fun. UMS is a place where you can feel safe and know that someone will have your back in any situation."

La Porte City Elementary is a great school because custodians, teachers, staff, and students are kind and respectful. If you need any help, you can go to anyone in the school to solve challenges you face. If you're a new student, everyone will make you feel welcome!
