To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

District and school equity teams implement actions to ensure all students have every opportunity to reach their full potential and to embrace students' and families' diversity. Appreciating and respecting differences is an integral part of all daily instruction. A commitment to inclusive practices drives programs and practices.
