

Wolf Pack Press

Parkwood Wolf Pack families,

There's so much still to accomplish! Please make sure that you are checking into your student's PowerSchool account to ensure that they are making progress in all of their classes. Please make sure that their attendance is what it should be. There is limited opportunity to make up time, so students need to verify that they do not need the attendance recovery or that they are serving the time in order to earn credit for their classes.

Please note the dates of Saturday attendance recovery have been updated to reflect that we are offering attendance recovery on May 20 and June 3 in addition to the weekday times.

Have a great week!

Parents & Guardians

Parents and Guardians: We need your help with morning drop off! Please have your student(s) stay in your vehicle until you drive up to the curb of our school. Many students are getting out of their vehicles in car rider line and walking through the traffic to get into school. Also, please do not let your student(s) out near the faculty parking lot- it slows down our lines, both in and out of the school. Thank you for your help with this matter!

Parents and Guardians: Please use this [link](#) to view a video regarding Vaping that was presented at the UCPS Parent Education Series event at Monroe High School on October 27, 2022. If you have any questions regarding this valuable information, please feel free to reach out to the school or your student's counselor. Thank you.

Educating & Inspiring the Next Generation of Journalists

For students curious about what it means to be a journalist, reporting and producing news that informs communities, the Scripps Howard Emerging Journalists Program at Elon University provides the ideal platform to explore their media interests.

Visit Elon University's website at [Elon University / School of Communications / Scripps Howard Emerging Journalists Program at Elon](#) for more information on the application.

The goal is to engage hundreds of high school students from around the country, providing hands-on journalism experience. Through the program's virtual **Exposure** component, students will participate in four interactive learning sessions and build foundational journalism skills.

The second phase of the program, Immersion, brings high school juniors to Elon for a summer on-campus residential learning workshop.

Additionally, students who complete the Immersion program will be assigned two mentors — an Elon communications student and a professional journalist — to help identify, report and produce multimedia stories during their senior year of high school.

There are countless opportunities in journalism, and the Exposure component of the Emerging Journalists Program is designed to give you the foundational skills to see what a collegiate or professional career could look like as a storyteller.

What's involved

Participants in the Exposure experience get access to virtual educational opportunities throughout spring 2023 to learn about journalism and communications careers and the importance and power of their voice. Although each session assumes no previous journalism knowledge, even students who already are involved in high school publications will walk away with new skills and perspectives.

What you get

- *Four learning sessions on foundational journalism skills, including News Gathering & Writing; Editing & Design; Photojournalism & Multimedia Broadcast; and Law & Ethics.

- *A certificate of completion for completing all four session assessments.

- *High school juniors from diverse socio-economic, racial or ethnic backgrounds who successfully complete the Exposure experience will be invited to apply for the Immersion experience, a 12-day, experiential learning workshop on Elon University's campus with travel, lodging, meal and instructional expenses paid for by EJP.

Who's eligible

Anyone may apply to take part in the Exposure experience. There is no cost, although participants will need to have access to technology for accessing virtual sessions and completing assessments.
