Introductions/Course Overview Agreements/Course Surveys

****If possible, please take advantage of back to school sales and purchase some (maybe about 2-3) glue sticks for projects throughout the year. I believe, with the exception of food items, almost all other things will most likely be provided by Mrs. Kennedy through the school. This of course is not a guarantee since I cannot predict everything a particular project will need but under normal circumstances, most usual items will be available.****
