

Introducing your students to Xello

Scope and sequence documentation
to get you started on the right foot

Say hello to Xello!

Xello is software that helps students in grades 6–12 create their very own, unique roadmap for future success—enabling them to discover their own personalized pathway through self-knowledge, exploration and planning.

Learn & Reassess

To encourage continuous learning and reassessment, Xello includes age-appropriate content with grade-specific lessons. Lessons cover six core themes: ***Self-knowledge***, ***Learning Pathways***, ***Career Exploration***, ***Decision Making & Goal Setting***, ***Success Skills***, and ***Real World Readiness***. Each addresses the academic and real-world skills relevant for grades 6–12 to help make students ready for a constantly changing world.

Lessons are interactive, fully digital and turn-key.

By automatically bringing in students' own saved careers, schools, and interests, Xello provides a completely personalized, seamless and relevant learning experience. You can easily integrate lessons into your curriculum, providing students with a self-directed and engaging way to meet your learning goals and help students make more meaningful decisions about their future.

In this document you'll find a recommended grade-by-grade sequence for the lessons available in Xello, details about what students need to do before starting each lesson, and an overview of what your students will learn in each one. We've also suggested additional activities students can complete in Xello at each grade.

A few notes:

- ✓ Activities in this document, and their sequence, are recommendations. Feel free to customize the activities and lesson sequence to meet your needs.
- ✓ Lesson lengths outlined in this document are approximations—students may take more or less time to complete a lesson.
- ✓ More details about lessons in Xello, including how students work with lessons, and how you can review and report on lessons can be found in the ***Support*** section of Xello educator accounts and at <https://help.xello.world>.

Ongoing Activities

Explore Options

Students are encouraged to browse, filter and research to learn more about the range of career, school and education programs available. The more exposure, the better!

Building About Me

Good career decisions start with strong self-knowledge. With regular updates to the **Experiences**, **Skills** and **Interests** sections of **About Me**, students create a fuller picture of who they are.

Course Planning

The best course planning is done over time, in the context of career exploration and planning. Course plans can be modified and updated on an ongoing basis. Of course, annual course selections is regular event for all students throughout the high school years.

Lessons and Assignments

Educators can activate new lessons and activities for students at any time. Students are encouraged to login regularly to stay on top of their assigned projects.

Curate Saved Options

Review, reflect and update saved options overtime to keep pace with new learnings and evolving preferences. An up-to-date list of saved options is a great foundation for students' future planning.

Storyboard

Students can add content to their personal Storyboard at anytime. Ongoing, organic building of content allows students to create a rich archive of resources they value and develop a library of their proudest or most relevant accomplishments from each grade.

Building Plans

Keeping plans current requires periodic creation of new plans to reflect new interests and editing or deletion of existing plans. Ongoing planning allows students to gain experience with this critical skill, strengthening their ability to plan.
