	Mrs. Sarah	Game Camp (SEL Skills)	Grades K - 6	Elementary Music Room

## Summer Camp Offerings at the High School open to Elementary Students

**Hiking Camp:** Do you enjoy the outdoors, trees, waterfalls, and hiking? Then look no further than this summer's Hiking Camp with Ms. Wilde. This camp will involve hiking and visiting waterfalls around Douglas and Lane County and is aimed at students entering 6<sup>th</sup> through 12<sup>th</sup> grade. As we will be hiking, good shoes and long pants are required. *Due to the location of our hikes, we will be regularly returning after 2pm. Students need alternative transportation home each day.*

**Basketball Camp:** Yoncalla basketball camp will focus teaching student's basic basketball skills in footwork, shooting, defense, rebounding, dribbling, and passing. The first part of each day will be skills and skill competitions against themselves and other campers. The second half of each day will be games to show the skills they have learned. Students will need to bring a water bottle and basketball shoes. Campers are more than welcome to use the locker room to change each day if needed.

**Middle School Trades Camp:** If being active, working with your hands, developing leadership skills, improving your STEAM skills, and teamwork all sound like a great way to spend part of your summer vacation, come attend Middle School Trades Camp featuring summer guest staff, Sam Batman of Phoenix Charter School and Troy Longbrake of Job Corps Wolf Creek. In this camp, we will learn the basics of job site safety, what is an apprentice, measurement and math, resilience, and teamwork. Projects you may be involved with include: design and build a sprinkler, build a toolbox, frame and pour a stepping stone, build and process a garden box, build a birdhouse, obstacle course, and many other options. Open to middle school aged students entering 5<sup>th</sup> – 9<sup>th</sup> grade and limited to 10 spots per session.

**Exploring Douglas County:** Explore Douglas County is an opportunity for Yoncalla students to explore the area in which they live. We will take trips to the Douglas County Museum to learn more about the history of the area. We will visit the Wildlife Safari to see animals from all over the world. We will visit James Orchard and have the opportunity to pick farm fresh fruit to take home. We will complete our camp with a trip to the coast and visit the Umpqua Light House. Due to travel, this camp will be may impact student transportation home. Students will know in advance what days they will need alternative transportation home.

**3D Printing Camp:** Are you interested in learning the basics of 3D printing? Working with Mr. McHaffie in the Shop, you will learn about all TinkerCad and walk away with your own designs each day!
