\*DISTANCE LEARNING

\*INCLUSION

\*DIVERSITY

IN STUDENTS' OWN WORDS

#### **APPENDIX**

\* IF APPLICABLE

Key Measures	Trend Data	Average Rating	Percentile Rank
Health and Wellbeing	N/A	4.09	
Project Based Learning	N/A	4.09	
Emotional & Mental Health	•	3.39	OR schools
School Safety	N/A	4.09	
Student Voice & Leadership	N/A	4.09	
Student Motivation	N/A	4.09	
<b>Distance Learning</b> Rating of overall experience with distance learning.	N/A	4.09	
<b>Inclusion</b> Degree to which adults value people of different backgrounds.	N/A	4.09	

The additional topics section of the key ratings page are summary measures of any additional topics your school added to the survey. Given that they are separate datasets (with fewer schools and responses than the core topics), we display these measures in a separate chart.

<sup>\*</sup>Your school is in this cohort (School Reports only).

#### **EXECUTIVE SUMMARY**

Students at DDSD were surveyed in December 2022 about their perceptions of their school in terms of Engagement, Academic Challenge, Culture, Belonging & Peer Collaboration, Relationships, and College & Career Readiness. In addition, students provided feedback about Emotional and Mental Health and Diversity.

In order to put student feedback into context, this report compares DDSD students' ratings to the ratings from students at 566 other high schools across the country.

Compared to other participating high schools, DDSD's highest rated themes were:

- · Academic Challenge
- Engagement

and the lowest rated themes were:

- Relationships
- Belonging & Peer Collaboration

Compared to other participating high schools, DDSD's highest rated question within the key themes was:

· How often do you work with other students for your classes because your teachers ask or tell you to? (which is in the Belonging & Peer Collaboration theme)

and the lowest rated question within the key themes was:

· I can usually be myself around other students. (which is in the Belonging & Peer Collaboration theme)

Respondents also provided feedback about Emotional and Mental Health. For example, 49% of respondents responded positively to the question: Overall, how do you feel about your life?

Respondents also provided feedback about Diversity. For example, **53%** of respondents responded positively to the question: *My school encourages students to speak out against racism.* 

This report represents feedback from 1911 students. Based on the enrollment data provided, you had a 67% response rate. Please refer to the Appendix section for more information about the demographics of the respondents.

# **Engagement Summary Measure**

# This summary measure describes the degree to which students perceive themselves as engaged with their school and their education.

Cohort: OR schools Past results: on Subgroup: School

## **Academic Challenge Summary Measure**

This summary measure describes the degree to which students feel that they are challenged by their coursework and teachers.

## **Culture Summary Measure**

This summary measure describes the degree to which students believe that their school fosters a culture of respect and fairness.

## **Belonging & Peer Collaboration Summary Measure**

This summary measure describes the degree to which students feel welcome at their school and have collaborative relationships with their classmates.

## **Relationships Summary Measure**

This summary measure describes the degree to which students feel they receive support and personal attention from their teachers.

# **College & Career Readiness Summary Measure**

## This summary measure describes the degree to which students feel equipped to pursue college and careers.

<sup>\*</sup>Your school is in this cohort (School Reports only).

# **Executive Summary Percent Positives**

Executive Summary Percent Positives: this table displays the percentage of respondents whose average rating across the questions in the theme was greater than 3.5 out of 5. - Overall

	Summary Measure

#### **ENGAGEMENT**

Within the Engagement theme, compared to other participating high schools, the highest rated question for DDSD was:

• What I learn in class helps me outside of school.

#### and the lowest rated question was:

• I take pride in my school work.

Here is the full list of questions in the Engagement theme:

- What I learn in class helps me outside of school.
- My teachers' expectations make me want to do my best.
- I try to do my best in school.
- I take pride in my school work.
- I enjoy school most of the time.

For information from YouthTruth's aggregate data on student engagement, please visit http://www.youthtruthsurvey.org/student-engagement/.

# **Engagement Summary Measure**

# This summary measure describes the degree to which students perceive themselves as engaged with their school and their education.

# **Engagement Percentile Charts**

The following questions comprise the Engagement Summary Measure.

#### What I learn in class helps me outside of school.

#### My teachers' expectations make me want to do my best.

## I try to do my best in school.

## I take pride in my school work.

Cohort: OR schools Past results: on Subgroup: School

## I enjoy school most of the time.

The following questions are related to the Engagement Summary Measure but are not included in the Summary Measure calculation.

#### **Education Quality**

## I am getting a high quality education at this school.

## I am able to motivate myself to do schoolwork.

Cohort: OR schools Past results: on Subgroup: School

#### I am able to focus on my schoolwork.

# I am able to create goals for my own learning (e.g. which skills to improve).

Cohort: OR schools Past results: on Subgroup: School

# **Engagement Percent Positives**

# Engagement Percent Positives: this table displays the percentage of respondents who chose a 4 or a 5 (4 = Agree, 5 = Strongly Agree). - Overall

	Question

#### **ACADEMIC CHALLENGE**

Within the Academic Challenge theme, compared to other participating high schools, the highest rated question for DDSD was:

• In order to receive a good grade, I have to work hard in my classes.

#### and the lowest rated question was:

• My teachers give me assignments that help me to better understand the subject.

Here is the full list of questions in the Academic Challenge theme:

- In order to receive a good grade, I have to work hard in my classes.
- The work that I do for my classes makes me really think.
- I can tell that my teachers understand the subjects that they are teaching.
- My teachers give me assignments that help me to better understand the subject.

For information from YouthTruth's aggregate data about how academically challenged students feel, please visit www.youthtruthsurvey.org/academic-rigor.

#### **Academic Challenge Summary Measure**

## This summary measure describes the degree to which students feel they are challenged by their coursework and teachers.

# **Academic Challenge Percentile Charts**

The following questions comprise the Academic Challenge Summary Measure.

#### In order to receive a good grade, I have to work hard in my classes.

#### The work that I do for my classes makes me really think.

## I can tell that my teachers understand the subjects that they are teaching.

#### My teachers give me assignments that help me to better understand the subject.

The following questions are related to the Academic Challenge Summary Measure but are not included in the Summary Measure calculation.

#### **Related Questions**

### Most of my teachers don't let people give up when the work gets hard.

Cohort: OR schools Past results: on Subgroup: School

### Most of my teachers want us to use our thinking skills, not just memorize things.

### Most of my teachers want me to explain my answers - why I think what I think.

Cohort: OR schools Past results: on Subgroup: School

### In most of my classes, we learn a lot almost every day.

# In most of my classes, we learn to correct our mistakes.

#### **BELONGING & PEER COLLABORATION**

Within the Belonging & Peer Collaboration theme, compared to other participating high schools, the highest rated question for DDSD was:

· How often do you work with other students for your classes because your teachers ask or tell you to?

#### and the lowest rated question was:

• I can usually be myself around other students.

Here is the full list of questions in the Belonging & Peer Collaboration theme:

- · Most students are friendly to me.
- · I really feel like part of my school's community.
- I can usually be myself around other students.
- How often do you work with other students for your classes because your teachers ask or tell you to?
- · How often do you work with other students for your classes, even when your teacher doesn't ask or tell you to?

14% of DDSD students report being bullied or harassed during this school year. This is similar to the percentage at other participating high schools.

For information from YouthTruth's aggregate data about students' experiences of bullying, please visit http://www.youthtruthsurvey.org/bullying-2017/.

### **Belonging & Peer Collaboration Summary Measure**

# During this school year, have other students bullied or harassed you? - Subgroup

Subgroup: School

Students who said they had been bullied this year were asked a series of follow-up questions. In the charts below, response options with fewer than 5 students in a given demographic subgroup have been suppressed and labeled "NA" to protect student confidentiality.

#### If you have been bullied, how did it happen? - Overall

**Cohort:** Typical OR school **Past results:** on

### If you have been bullied, how did it happen? - Subgroup

Subgroup: School

The definitions of types of bullying used in "If you have been bullied, how did it happen?" are as follows:

- $\bullet\,$  Verbal: Student was called names, made fun of, embarrassed, or threatened.
- Social: Student was purposefully not spoken to by other students.
- Electronic: Student was bullied through text messages, Facebook, email, or other social media.
- Physical: Student was pushed, tripped, or hit, or had belongings taken or broken on purpose.

#### Why do you think you were bullied or harassed? - Overall

#### **RELATIONSHIPS**

Within the Relationships theme, compared to other participating high schools, the **highest rated question** for DDSD was:

· How many of your teachers try to be fair?

#### and the lowest rated question was:

• How many of your teachers are not just satisfied if you pass, they care if you're really learning?

Here is the full list of questions in the Relationships theme:

- How many of your teachers make an effort to understand what your life is like outside of school?
- · How many of your teachers are not just satisfied if you pass, they care if you're really learning?
- How many of your teachers connect what you're learning in class with your life outside of school?
- How many of your teachers try to be fair?
- How many of your teachers believe that you can get a good grade if you try?
- · How many of your teachers are willing to give extra help on school work if you need it?

**56%** of DDSD students report that *there is at least one adult at school who would be willing to help them with a personal problem.* This is **lower** than the percentage at other participating high schools.

Note: Unlike most other questions asked on a 1-to-5 strength of agreement scale, questions about students' relationships employ a scale whose points correspond to the proportion of teachers to which a statement applies, with 1 indicating none, 2 indicating few, 3 indicating half, 4 indicating most and 5 indicating all.

#### **Relationships Summary Measure**

#### **COLLEGE & CAREER READINESS**

Within the College & Career Readiness theme, compared to other participating high schools, the highest rated question for DDSD was:

• My school has helped me figure out which careers match my interests and abilities.

#### and the lowest rated question was:

• My school has helped me develop the skills and knowledge I will need for college level classes.

Here is the full list of questions in the College & Career Readiness theme:

- My school has helped me develop the skills and knowledge I will need for college level classes.
- My school has helped me understand the steps I need to take in order to apply to college.
- My school has helped me figure out which careers match my interests and abilities.
- My school has helped me understand the steps I need to take in order to have the career that I want.

The percentage of DDSD students who want to go to college is 64%. This is lower than the percentage at other participating schools.

The most frequently used college and career readiness services at DDSD are **Help meeting graduation requirements**, used by **48%** of students, and **Counseling about future career possibilities**, used by **30%** of students.

For information from YouthTruth's aggregate data about college and career readiness, please visit http://www.youthtruthsurvey.org/college-career-readiness-2017/.

## **EMOTIONAL & MENTAL HEALTH**

Students in DDSD were asked a series of questions regarding their emotional and mental health.

Please note that not every school that has taken the YouthTruth Student Survey has chosen to participate in the Emotional and Mental Health survey module. The charts in this section of your report include significantly smaller numbers of schools and districts than do the charts associated with items in the core survey. In order to put student feedback into context, this report compares your ratings to the ratings from students at 308 schools across the country. Please make comparisons between your school and your cohort or the YouthTruth sample with caution.

#### **Emotional & Mental Health Percentile Charts**

Students were asked to describe the degree to which they have they have external supports and intrinsic resources they can use to cope with problems.

#### When I'm feeling upset, stressed, or having problems...

#### I know someone outside of school who I can talk to about it

#### When I'm feeling upset, stressed, or having problems...

## My school has programs or services that can help me

#### When I'm feeling upset, stressed, or having problems...

#### I know some ways to make myself feel better or cope with it

## When I'm feeling upset, stressed, or having problems...

#### There is an adult from school who I can talk to about it.

#### How happy have you been feeling this week?

#### How relaxed have you been feeling this week?

## Overall, how do you feel about your life?

Cohort: OR schools Past results: on Subgroup: School

## **Emotional & Mental Health Average Ratings**

The following two items ask students about their experiences of negative emotions. Lower average ratings indicate more favorable results.

## Average Ratings: this chart displays an average on a 1 to 5 scale. - Overall

Cohort: Typical OR school Past results: on

#### Average Ratings: this chart displays an average on a 1 to 5 scale. - Subgroup

### **Emotional & Mental Health Percent Positives**

Students were asked to describe the degree to which they have they have external supports and intrinsic resources they can use to cope with problems.

#### **DIVERSITY**

Students at DDSD were asked a series of question about their experiences with diversity.

The Equity Additional Topic module was developed to assess students' school experiences through the lens of diversity and inclusion. It is important to note that this topic module does not ask students directly about equity. Instead, investigating experience gaps revealed in the survey data from this module and the core YouthTruthStudent Survey, and acting on these experience gaps, school and district partners can move towards creating more equitable school environments.

Due to the density of the Equity Additional Topic, we offer this module as two individual sub-modules for High School Student surveys. This sub-module measures *diversity*. **Diversity** is measured by *representation* and *social justice*. The questions for this module are:

- 1. Within your school, how often do you see people of diverse backgrounds represented:
  - In artworks, posters and/or pictures?
  - In publications (e.g. school paper, yearbooks, etc.)?
  - In textbooks and other class materials?
  - In your classmates' work (e.g. their projects/presentations)?
  - During school events?
- 2. Within your school, how often do you learn about the lives and experiences of people of different:
  - Religions, faiths or spiritual beliefs?
  - Sexual orientations (e.g. gay, straight, bisexual, etc.)?
  - · Genders?
  - Incomes (how much money someone makes)?
  - Races and/or ethnicities?
  - · Countries?
  - Abilities (e.g. people with disabilities)?
- 3. My school has taught me how people have been treated differently because of their:
  - · Religions, faiths or spiritual beliefs.
  - Sexual orientations. (e.g. gay, straight, bisexual, etc.)
  - · Gender.
  - Incomes. (how much money someone makes)
  - · Races and/or ethnicities.
  - · Countries of origin.
  - · Abilities (e.g. people with disabilities).
- 4. My school makes me interested in getting to know people of diverse backgrounds.
- 5. My school encourages students to speak out against racism.
- 6. My school clearly communicates how to report acts of discrimination.

## **Diversity Percentile Charts Questions 1-2**

### Within your school, how often do you see people of diverse backgrounds represented in artworks, posters and/or pictures?

# Within your school, how often do you see people of diverse backgrounds represented in publications (e.g. school paper, yearbooks, etc.)?

#### Within your school, how often do you see people of diverse backgrounds represented in textbooks and other class materials?

## Within your school, how often do you see people of diverse backgrounds represented in your classmates' work (e.g. their projects/presentations)?

Cohort: OR schools Past results: on Subgroup: School

### Within your school, how often do you see people of diverse backgrounds represented during school events?

## Within your school, how often do you learn about the lives and experiences of people of different religions, faiths or spiritual beliefs?

#### Within your school, how often do you learn about the lives and experiences of people of different sexual orientations?

#### Within your school, how often do you learn about the lives and experiences of people of different genders?

## Within your school, how often do you learn about the lives and experiences of people of different incomes (how much money someone makes)?

#### Within your school, how often do you learn about the lives and experiences of people of different races and/or ethnicities?

### Within your school, how often do you learn about the lives and experiences of people of different countries?

## Within your school, how often do you learn about the lives and experiences of people of different abilities (e.g. people with disabilities)?

## **Diversity Percentile Charts Questions 3-5**

My school has taught me how people have been treated differently because of their religions, faiths or spiritual beliefs.

My school has taught me how people have been treated differently because of their sexual orientations. (e.g. gay, straight, bisexual, etc.)

#### My school has taught me how people have been treated differently because of their abilities. (e.g. people with disabilities).

## My school has taught me how people have been treated differently because of their genders.

### My school has taught me how people have been treated differently because of their incomes. (how much money someone makes)

#### My school has taught me how people have been treated differently because of their races and/or ethnicities.

Cohort: OR schools Past results: on Subgroup: School

#### My school has taught me how people have been treated differently because of their countries of origin.

#### My school has makes me interested in getting to know people of diverse backgrounds.

#### My school encourages students to speak out against racism.

Cohort: OR schools Past results: on Subgroup: School

#### IN STUDENTS' OWN WORDS

In the YouthTruth Student Survey, students at David Douglas School District had the opportunity to provide anonymous comments on their experiences at David Douglas School District. Students provided feedback on the following topics: School Experience This Year, Strengths, Areas for Improvement, Bullying, Obstacles to Learning, Post-High School Plans, Dropping Out, and additional comments students chose to provide.

For the "School Experience This Year" topic, students were asked:

Now think about your experiences in school and beyond. What do you want adults to know about the challenges confronting you and your peers right now?

In order to download your Student Comments file, please click on the link below:

**David Douglas School District: Comments** 

The rest of the "In Students' Own Words" section contains tables and charts representing responses to the following two questions:

What do you like the most about your school?

What do you dislike the most about your school?

Students at David Douglas School District selected an answer choice from several options that are core parts of student experience. The options for the question "What do you like the most about your school?" are listed below.

- 1: My school inspires me to do my best (Engagement)
- 2: I have supportive teachers who care about me and help me (Relationships)
- 3: Students and staff treat each other with respect and fairness (Culture)
- 4: My classes challenge me to think critically (Academic Challenge)
- 5: My school is getting me ready for college or my career (College and Career Readiness)
- 6: Something else not listed
- 7: Nothing -- I can't think of anything I like about my school

The options for the question "What is one area in which your school could improve?" are listed below.

- 1: My school does not do enough to inspire me to do my best (Engagement)
- 2: I don't have enough supportive teachers who care about me and help me (Relationships)
- 3: Students and staff don't treat each other with enough respect and fairness (Culture)
- 4: My classes don't do enough to challenge me to think critically (Academic Challenge)
- 5: My school does not do enough to get me ready for college or my career (College and Career Readiness)
- 6: Something else not listed
- 7: Nothing -- I can't think of anything I dislike about my school

To see student comments about students' reasons for their choices, please refer to the Student Comments file linked above.

#### **APPENDIX**

YouthTruth gathers candid student feedback through a confidential online survey. YouthTruth conducts rigorous analysis on the quantitative data and qualitative comments. This is designed to be an actionable report, and compares your results to those of other schools across the country.

The details of your survey are:

Survey	Survey Population	Number of Responses Received	Survey Response Rate
Fir Ridge	158	96	61%
David Douglas Online HS	111	56	50%
David Douglas HS	2588	1759	68%

<sup>\*</sup>Percentages over 100% are likely the result of fluctuations in enrollment between the time enrollment numbers were shared and survey completion. This does not indicate that anyone took the survey more than once.

YouthTruth gathered the following numbers of responses from each grade level. Please note that this table does not include responses from students who did not answer the grade-level question.

Grade level	Number of Responses
9th	454
10th	431
11th	444
12th	373
Others	15

# **Response Count**

The following responses were collected for each question:

Question Text	Number of Responses
Engagement	
What I learn in class helps me outside of school.	1893
My teachers' expectations make me want to do my best.	1888
I try to do my best in school.	1885
I take pride in my school work.	1876
I enjoy school most of the time.	1891
Engagement Related Questions	
I am getting a high quality education at this school.	1898
I am able to motivate myself to do schoolwork.	1895
I am able to focus on my schoolwork.	1892
I am able to create goals for my own learning (e.g. which skills to improve).	1889
Dropping Out	
Have you ever seriously considered dropping out of high school?	1905
Did you consider dropping out for any of the following reasons?	
I didn't feel safe at school.	337
I didn't feel safe going to and from school.	341
I didn't feel like anyone cared if I stayed in school.	341
I didn't see how the work I was doing would help me in life.	348
I failed state or standardized tests.	330
I had fallen behind and felt like I couldn't catch up.	366
I needed to work and make money instead of spending most of my day in school.	340
I had personal problems at home.	360
I had problems with other students at school.	364
I was discouraged by an adult(s) at school.	347
Other	141
Academic Challenge	
In order to receive a good grade, I have to work hard in my classes.	1893
The work that I do for my classes makes me really think.	1899
I can tell that my teachers understand the subjects that they are teaching.	1888
My teachers give me assignments that help me to better understand the subject.	1893
Academic Challenge Related Questions	
Most of my teachers donit let people give up when the work gets hard.	1896
Most of my teachers want us to use our thinking skills, not just memorize things.	1893
Most of my teachers want me to explain my answers - why I think what I think.	1894
In most of my classes, we learn a lot almost every day.	1896
In most of my classes, we learn to correct our mistakes.	1896
My teachers explain things in a way that I understand.	1893
Culture	

Question Text	Number of Responses
Students from my school treat adults with respect.	1856
Adults from my school treat students with respect.	1862
My classmates want to do well in school.	1841
Discipline in this school is fair.	1843
Culture: Extracurriculars	
Are you part of school clubs, teams, or other groups (sports, music, art, etc.)?	1848
Outside of school, are you part of clubs, sports teams, church/religious activities, or other groups?	1850
Culture: Different Backgrounds	
Adults from school respects people of different:	
Religions, faiths and spiritual beliefs.	1840
Sexual orientations (e.g. gay, straight, bisexual, etc.).	1838
Genders.	1829

Question Text	Number of Responses
My school encourages students to speak out against racism.	1728
My school clearly communicates how to report acts of discrimination.	1726
Demographics	
What grade are you in?	1717
How would you describe your race and/or ethnicity?	1710
Do you identify as a person of color?	1697
How do you describe yourself? (Gender)	1719
Choose the letter grade that corresponds with your cumulative GPA for all subjects in high school	1708
Are you an English Language Learner?	1683
Think about your most educated caregiver. What is their level of education?	1667
Do you have an IEP (individualized education program or plan), receive special education services, or receive 504 services?	1608
Do you consider yourself to be: (Sexual orientation)	1641
Do you identify as a member of the LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer) community?	1658
Are you transgender?	1661

## **Comparative Dataset**

#### **INTERPRETING YOUR RESULTS**

This report reflects perceptions in your school as captured by the YouthTruth survey instrument. The dataset to which we compare you contains only schools that have participated in YouthTruth. Therefore, we consider this report to be an informative, though not comprehensive, source of data. The comparative data included in this report offers a helpful point of reference for interpreting feedback from students in your school, but does not comprise a representative sample of U.S. high schools.

We encourage you to interpret this feedback in light of your own goals, strategies, and context, and to review it in conjunction with other data sources that you use to monitor your school's progress.

#### **COMPARATIVE DATASET**

YouthTruth's high school comparative dataset includes 566 schools, and the average response rate is 73% percent.

The number of schools in the table below may be slightly different than the number of schools in the comparative dataset because: 1) the comparative dataset includes international schools, and 2) schools are occasionally double counted in this table if they participated in YouthTruth once through their district and once through a network of which they are a part, or if they participated through two different networks.

Schools from the following districts and charter networks comprise the comparative dataset for this report:

Cohort: None Past results: on

## Methodology

#### SURVEY ADMINISTRATION

Students participated in the YouthTruth Student Survey during a multi-week survey window. The survey was administered online, with administration coordinated by school personnel.

#### REPORTING THRESHOLD

Throughout this report, we remove any results reflecting responses from fewer than five respondents in order to preserve respondent confidentiality. If fewer than five respondents of any given subgroup at your school respond to a particular question, the average rating of that particular subgroup for that question will not appear in your report. If fewer than five respondents of any given subgroup at your school respond to the entire survey, the average ratings of that particular subgroup will not appear separately for any questions, although they will contribute to your overall ratings.

#### **ABSOLUTE VS. RELATIVE RATINGS**

Throughout this report, you will see a number of references to the "typical" YouthTruth school. These guidelines describe our approach to characterizing schools' results relative to the "typical" school.

- For likert questions (1-3 or 1-5 scale): Results are described as "higher than typical" when they fall at or above the 60th percentile in the comparative dataset that is, higher than 60 percent of other high schools that have participated in YouthTruth. Conversely, results are described as "lower than typical" when they falls below the 40th percentile or, lower than 60 percent of other participating high schools.
- For questions allowing multiple responses (e.g., Do any of the following make it hard for you to do your best in school? Home life; extracurricular commitments; etc.): Results are considered "higher than typical" when they are at least 8 percentage points higher than the results for the median school in the comparative dataset, and "lower than typical" when they are at least 8 percentage points lower than the median.
- For categorical questions allowing only one response (e.g., Do you want to go to college? Yes; No; Maybe; I'm not sure): Results are considered "higher than typical" when they are at least 8 percentage points higher than the results for the average YouthTruth school, and "lower than typical" when they are at least 8 percentage points lower than the average.

#### SUBGROUP COMPARISONS

Throughout this report, you are able to disaggregate data based on subgroups of people with similar characteristics.

- Results for likert questions (1-3 or 1-5 scale) with percentile charts are displayed from highest to lowest rating for categorical subgroups (gender, race, special education status, etc.), and are displayed in order for variables that are ordinal (grade, years at school, student-reported grades, etc.)
- For questions allowing multiple responses (e.g., Do any of the following make it hard for you to do your best in school? Home life; extracurricular commitments; etc.), which are displayed in bar charts, categorical subgroups (gender, race, special education status, etc.) are shown in order of highest to lowest proportion of the population. Ordinal subgroups (grade, years at school, student-reported grades, etc.) are shown in order.
- For percent positive charts (showing the percent 4's and 5's), categorical subgroups (gender, race, special education status, etc.) are shown in order of highest to lowest proportion of the population. Ordinal subgroups (grade, years at school, student-reported grades, etc.) are shown in order.

#### **COHORT COMPARISONS**

To help make comparisons more contextually meaningful, you can toggle to compare your results to a subset of participants with similar characteristics. Groups that are similar to your school's characteristics are marked with an asterisk. Most schools participate in the YouthTruth surveys alongside other schools within their local school district or network. When this is the case, schools can compare their results to those of other schools in their district or network. Reports also include a set of comparison groups that allow for comparisons across school-level indicators related to poverty, school size, school type, and geography. These groups include:

Cohort Name	Description	Number of schools
OR schools	Schools that are located in this state.	73
Alternative schools	Schools that (1) address needs of students that typically cannot be met in a regular school, (2) provide nontraditional education, (3) serve as adjuncts to regular school, or (4) fall outside the categories of regular, special education, or vocational education.	18
Charter schools	Publicly funded, independently managed schools established under the terms of a charter with a local or national authority.	71

Cohort Name	Description	Number of schools
Early college schools	Schools that implement an early college model.	17
High poverty schools	Greater than or equal to 70% of a district or school's students receiving free or reduced price lunch.	124
Large city schools	Schools located in an urbanized area and in a principal city with a population greater than or equal to 250,000.	62
Large size schools	Greater than or equal to 1200 students but less than 2500 students.	138
PBL schools	Schools utilizing project-based-learning models as part of curriculum.	61
Rural schools	Schools not located in an urbanized area.	129
Small city schools	Schools located in an urbanized area and in a principal city with a population of less than 100,000.	94
Small size schools	Less than or equal to 300 students.	206
STEM schools	Schools utilizing a curriculum focusing primarily on science, technology, engineering, and math.	43
Suburban schools	Schools located in an urbanized area, but outside a principal city.	172
Very large size schools	Greater than or equal to 2500 students.	2

<sup>\*</sup>Your school is in this cohort (School Reports only).

The four geographic cohorts are defined based on collapsed categories using NCES locale codes. For more information on NCES methodology, please visit https://nces.ed.gov/programs/edge/docs/LOCALE\_CLASSIFICATIONS.pdf.

Respondents are also asked a series of demographic questions, the responses from which are used to create subgroup comparisons that you can toggle throughout your report.

#### **SUMMARY MEASURES**

YouthTruth survey questions are grouped into summary measures, each of which captures data from statistically related questions. To identify these summary measures, YouthTruth uses factor analysis, a statistical tool that analyzes underlying patterns in the data.

In your report, subsections titled, for example, "Engagement Questions" include the survey questions that comprise the summary measure, or factor, describing Engagement. Subsections titled "Related Questions" contain survey questions that are thematically but not statistically related to the factor.

For the middle and high school Student surveys, certain summary measures were developed after the launch of the survey. Therefore the number of schools in the comparative dataset for those questions. For more information about the development of summary measures and the analytical techniques used, please refer to the YouthTruth Design and Methodology Report here.

# **Survey Questions**

Click here for a comprehensive list of YouthTruth survey questions to which students responded. If your school administered any of the optional additional topics, those questions can be found at the end of the document.

## **Chart Types**

#### **Percentile Charts**

Average Ratings Bar Charts display an average score on a 1 to 5 scale.

**Percent positive charts** show the percentage of respondents that chose either a 4 or a 5. This chart type allows you to share data at a school/district level by maneuvering to the right hand side of the chart and clicking on any of the share icons.

**Response Distribution Charts** show the proportion of respondents who chose each response option for questions on a scale of 1 to 5, where 1 is the most negative and 5 is the most positive response (known as a likert question). A variety of different response distributions can result in the same average rating, so this breakdown can help provide additional context.

For example, two very different response distributions could both have an average rating of '3'.

In sample question 1 below, the majority of respondents (70%) feel neutral about the question, with a handful of respondents having a more negative or more positive experience.

Average Ratings bar charts, Percent Positives, and Response Distributions are repeated twice per survey item. Once with an overall result displaying the school's/district's scores with the ability to compare results to other schools in a same cohort. They are also shown as subgroup charts, where data can be disaggregated by demographics.
